Around Town & On The Go

When it's time to hit the town this set is a must. Originally created for student use during community based outings, this set can be easily modified for use by all ages. Use it to complete task oriented assignments such as locating items on a list or to target appropriate self-help skills, such as providing identifying information and self avocation in multiple settings including restaurants and grocery stores. So whether participating in goal-oriented activities or just shopping for fun, this activity set is loaded with appropriate vocabulary to meet individuals' communication needs.
